WOMEN IN CONSTRUCTION DISCUSSION WITH ELISA COMIS

Fine-tuning the leadership skills of women in a male-dominated field

ZOOM ID: 9562 9301 673

Join us for a discussion with Elisa Comis, Lead Associate at McMillen Jacobs Associates. Elisa has more than 15 years of experience in mechanized tunneling and is currently the Co-Chair of the Women In Tunneling organization.

How can women thrive in a male-dominated field? What can we do as women to support each other in our careers? How can we achieve an equitable and inclusive work environment?

Presented by Associated General Contractors UMass Amherst
